

PRASANTH S

Web Developer | React Native Developer | Node.js, APIs & MySQL

prasanth82104@gmail.com | +91 63740 97116 | [linkedin.com/in/prasanthsakthi21](https://www.linkedin.com/in/prasanthsakthi21) |
Dharmapuri, Tamil Nadu

PROFESSIONAL SUMMARY

Application Developer with hands-on experience in web and Android development, supported by strong backend and MySQL knowledge. Skilled in building secure, scalable, and user-friendly applications using RESTful APIs with a focus on performance and clean architecture. Currently expanding expertise in React Native for cross-platform mobile app development, while also working with GitHub for version control and Cloudinary for cloud-based media management. Passionate about creating practical business-oriented software solutions, collaborating within agile teams, and continuously enhancing skills in cloud technologies, automation, and modern development practices.

EDUCATION

Post Graduate Diploma in Data Science (PGDDS) — Pursuing (2025–2026)

Sacred Heart College (Autonomous), Tirupattur, Tamil Nadu | CGPA:7.51

Master of Computer Applications (MCA) — Pursuing (2024–2026)

Sacred Heart College (Autonomous), Tirupattur, Tamil Nadu | CGPA:7.57

Bachelor of Computer Applications (BCA) — 2020–2023

Sacred Heart College (Autonomous), Tirupattur, Tamil Nadu | CGPA: 6.73

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React JS, Angular JS, JSP

Mobile: Android (XML, Java), React Native (Expo)

Backend: Node.js, Java, PHP, Python

Cloud: Cloudinary

APIs: RESTful API Development, Postman Testing

Databases: MySQL, SQL, Firebase

Tools: Git, Android Studio

AI & Prompt Engineering: Prompt design, AI-assisted coding, debugging

CERTIFICATIONS

- **Mastering AI Tools** – Practical experience using AI tools for code generation, debugging, automation, and productivity.
- **Mastering Tech Tools** – Hands-on exposure to modern development tools, workflows, and software engineering practices.

ACADEMIC & MINI PROJECTS

STUDYFLOW – Micro Learning Application (MCA PG Project)

- Developing a micro-learning mobile application delivering short, summarized educational content.
- Built scalable backend services with REST APIs and integrated cloud-based media storage.
- Technologies: React Native, Node.js, MySQL, Cloudinary, TypeScript, JavaScript.

INVOICE GENERATOR – Mini Project (React JS, MySQL, Postman)

- Developed a full-stack invoice generation system with dynamic invoice creation and client management.
- Implemented RESTful APIs for invoice data handling and tested endpoints using Postman.
- Designed responsive UI using React JS and managed backend data storage using MySQL.

SHC Morning Talk Reminder Application (BCA UG Project)

- Developed an Android application to schedule and notify departmental prayer talks.
- Implemented scheduling logic in Java and integrated Firebase backend services.
- Tools: Android Studio, Firebase.

INTERNSHIP EXPERIENCE

Full-Stack Development Intern – QUEENBUG Technologies (April 2024 - May 2025)

- Worked on frontend-backend integration, REST APIs, and MySQL database operations.

Mobile Application Intern – Tecxy INC, Tirupattur (December 2025 - April 2026)

- Contributing to STUDYFLOW application with focus on mobile UI, API integration, and backend logic.

LANGUAGES

Tamil (Native), English (Conversational)
